Warnings and Precautions 07

SECURITY WARNING

Please read this user manual carefully before using the rollator walker with a seat. Keep this manual for future reference. If you do not fully understand the instructions, warnings, or precautions in this manual, consult your dealer or a qualified technician before using the product. Improper use or incorrect installation may result in injury.

When using this product, always follow the basic safety precautions below:

1. This rollator is designed to assist with walking and to provide a seat for resting only. Do not attempt to propel the rollator while sitting on the seat. Do not use the rollator on stairs, escalators, or moving walkways. Use extra caution on slopes, ramps, or uneven surfaces.
2. Before each use, ensure that all handles, height adjustments, brakes, and locking mechanisms are securely set, and that all wheels and moving parts are in good working condition.
3. Always keep all four wheels in contact with the ground during use to maintain stability.
4. Always lock the brakes before sitting on the seat or standing up from it. Never sit on the seat unless the rollator is fully stationary and the brakes are engaged.
5. Do not exceed the maximum user weight capacity specified for this rollator (including any items carried). Do not overload the storage bag or basket.
6. Do not hang objects on the left or right sides of the frame, as uneven loading may cause the rollator to become unstable or tip over.
7. Regularly inspect the condition of the wheels, brakes, frame, and accessories. Do not use the rollator if any part is damaged, loose, or not functioning properly.
8. Keep hands, fingers, and loose clothing away from moving parts when folding, unfolding, or adjusting the rollator.

CLEANING AND MAINTENANCE

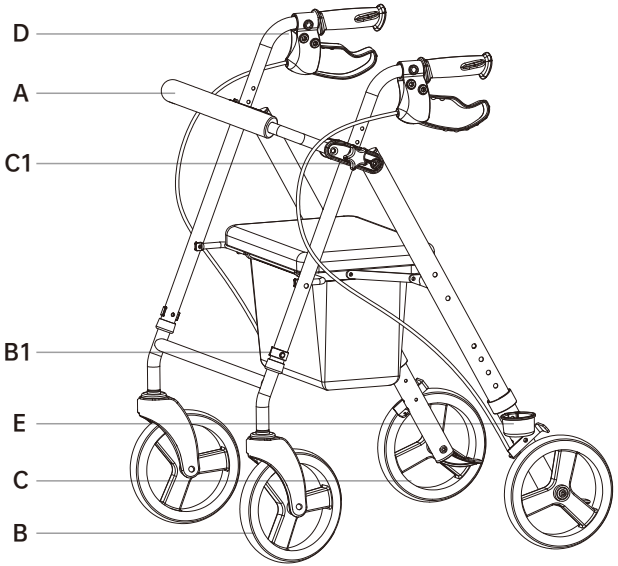
Cleaning

- Wipe the rollator walker with a damp cloth and mild detergent if necessary.
- Do not use corrosive detergents, wire brushes, abrasive cleaners, or sharp tools, as these may damage the finish or components.

Maintenance

- Regularly check and tighten all screws, bolts, and locking parts.
- Inspect the brakes and wheels frequently to ensure safe operation.
- If any part is worn, damaged, or not functioning properly, stop using the rollator and contact your supplier or a qualified technician.

01 PART LIST

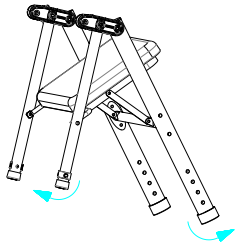


Part Number	Diagram	Description	Qty
#A		Main Frame	1
#B		Front Wheel	1
#B1		Backrest	1
#C		Rear Wheel	2
#C1		Triangle Bolt	2
#D		Handle with Brakes	2
#E		Cane Holder	1

02 HOW TO INSTALL?

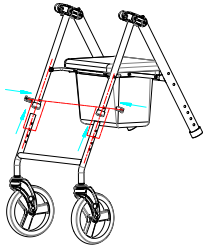
Open the frame.

1



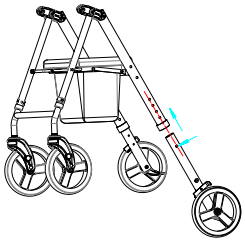
Insert the front wheel bracket. Align the holes and insert the locking pin.

2



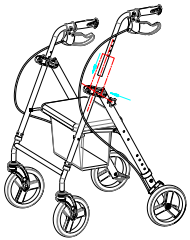
Press and hold the spring button, then insert the rear wheel bracket until it locks into place.

3



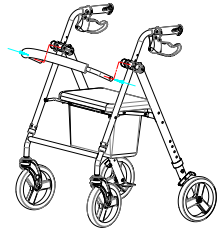
Insert the armrest, align the holes, and tighten the knob securely.

4



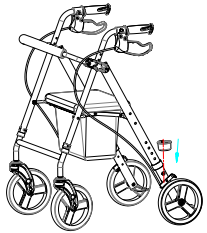
Press and hold the spring buttons on both sides of the backrest, then insert it into the frame until it locks into place.

5



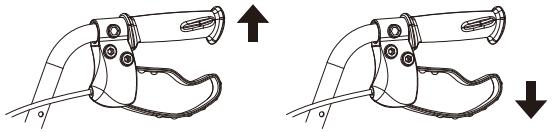
Attach the cane holder to the side of the frame.

6



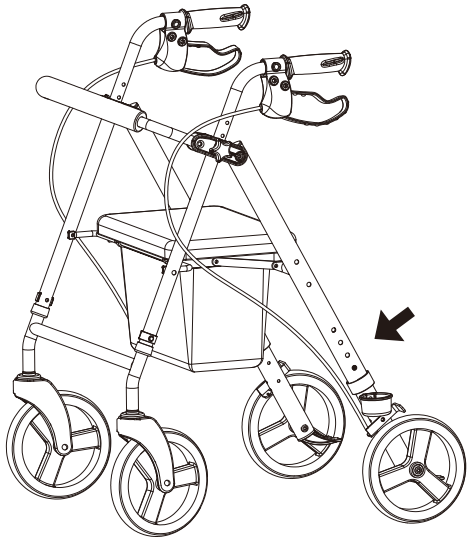
03 HOW TO HAND BRAKE?

The handles include brakes, just pull up to help safety slow down or stop. Pull down to lock rear wheel.



04 HANDLE HEIGHT

Move the handles up and down to your desired height and tighten the knob to secure the handle.



Assembly Instructions Note

Before assembling and using this rollator walker with seat, please read and follow these important safety instructions:

1. Keep all packaging materials away from children. Do not allow children to play with packaging without adult supervision.
2. Do not allow children to play on or operate the device. The product may tip over and cause injury if used improperly.
3. Use this rollator only for its intended purpose. Before first use, ensure the rollator is correctly assembled and that all screws, bolts, and fasteners are securely tightened.
4. Check that all locking mechanisms, folding joints, and adjustment points are fully engaged before use.
5. Do not expose the rollator to rain or store it outdoors. Prolonged exposure to moisture may cause corrosion or reduce product lifespan.
6. Do not hang bags or other items on the handlebars or frame, as this may affect balance and cause the rollator to become unstable. Use only the provided storage bag or basket.
7. Take care during assembly and adjustment. Keep fingers and hands away from moving parts, folding mechanisms, wheels, and locking points, including the seat locking mechanism, to avoid pinching or injury.
8. Always ensure the brakes are functioning correctly before first use. If the brakes do not operate properly, do not use the rollator until it has been adjusted or repaired.
9. Do not modify this product or use non-approved replacement parts, as this may compromise safety and void the warranty.
10. Do not use strong corrosive or abrasive cleaning agents on the product, as these may damage the finish and components.
11. If any part is missing, damaged, or appears faulty during assembly, do not use the rollator and contact your supplier or service provider immediately.
