Product Name
Surface Mounted Parking Bollard 1200mm Galvanized

SKU
BSMGAL140

PRODUCT OVERVIEW

This heavy-duty surface mounted parking bollard is engineered for high-impact environments like car parks, warehouses, and industrial estates. Built from galvanized steel with a wide 140mm profile and reflective banding, it offers visibility, strength, and a secure mount with included Ramset Dynabolts. Order from Safety Sector and fortify your site with rugged, lasting protection.

KEY FEATURES

Galvanized finish resists corrosion for long-term outdoor performance

Dimension	Weight
