Product Name
Wheelstop Concrete Screws- 12x150mm pk of 3
SKU
SCRE12150WS

PRODUCT OVERVIEW

These concrete screws are designed for tough installations in areas like carparks, warehouses, and loading bays. With a zinc-plated steel body and deep threads, each 12x150mm screw delivers reliable hold when securing wheelstops to concrete or masonry. Quick to install and built to last, they're a trusted fix for safety-critical spaces.
